Stock Market Continues Depressed, But Losses Are Confined to Fractions

TRACTION ISSUES

Brooklyn Rapid Transit Loser by Two Points.

NEW YORK, Sept. 26, 10 a. m .- Al most the entire market opened lower declines ranging to an extreme of in St. Paul. The initial lots were ger erally small and the declines seeme nominal rather than actual. There were big transactions in Steel preferred. I opened up 1/4 and rallied 1/8 further.

The market this morning has not pre sented any especially important features and the movement of prices has show only small balances on either side of the account as a rule. The speculation gav evidence of some relief from the liqui dating pressure of the last two days but at the same time the absence of an aggressive demand is indicated by the generally heavy tone which has prevailed. First prices were generall; lower in response to the indifferen character of markets in London, bu these were followed by small rallies.

A period of duliness succeeded, bu toward the end of the first hour a re actionary tendency was developed t some extent. The most conspicuou weakness was developed in th traction group, and th most weakness here was nounced in Brooklyn Rapid Transis which declined over 2 per cent. Amon the industrials United States Steel pre ferred continued to show weakness While it rallied nearly 1 per cent in th early dealings, within a short time there occurred a reaction of nearly 2 pe cent. The common was a shade lower In the remainder of the list the changes Western Union... 82 8214 82 Wisconsin Cent... 16% 16% 16 were generally fractional.

Government bonds unchanged. Rail-road bonds easier. Noon-Although the stock market railied on the bank statement, it lacked underlying strength, and closed soft and considerably depressed. In the last half hour Brooklyn Rapid Transit lost over 4 points, Metropolitan Street Railway 3, and Manhattan 2.
